

# How To Use Amazing Slow Downer App

## **For Android:**

1. Download the Slow Downer (by Roni Music) from the Google Play Store
2. Open the Slow Downer
3. Select Songs in the top left of the screen
4. Click the 3 lines in the top right and go to where your music is stored
5. Click the magnifying glass to search for the song you want
6. Once you find the song click on it
7. The 3<sup>rd</sup> slider down from the top says speed, drag the circle to reduce the speed at which you want to slow down the song, typically slow down to 95% but 92% would be the slowest you would slow a song down to
8. Now you can click the play button on this screen and the song will play at a reduced speed
9. If you want to do the song again not quite to full speed drag the circle for speed up to a speed in between what you just played it at and full speed

## **For iPhone:**

1. Download the Slow Downer (by Roni Music) from the App Store
2. Open the Slow Downer
3. Select My Music in the top left of the screen
4. Select the Music Import at the bottom of the screen
5. Select Music Library from the pop up
6. Search for the song you want to slow down
7. The song will download into the app
8. Select the song now from the list
9. The 3<sup>rd</sup> slider down from the top says speed, drag the circle to reduce the speed at which you want to slow down the song, typically slow down to 95% but 92% would be the slowest you would slow a song down to
10. Now you can click the play button on this screen and the song will play at a reduced speed
11. If you want to do the song again not quite to full speed drag the circle for speed up to a speed in between what you just played it at and full speed
